Considerable discussion was held concerning the budget cuts. A 3% cut for the College is to be identified by Friday, with an additional 3% by early next week.

Dr. Evans noted that undergraduate enrollment is up, but graduate enrollment is down. The College will be asked to respond to materials contained in the packet of information. He added that the information might have an impact on budget decisions. He also cautioned department heads to keep in mind that we will be expected to continue efforts to increase enrollment numbers in spite of the budget cuts.

Brief comments were made regarding an increase in on-line course offerings.

As there was no further business, the meeting was adjourned.
