*Motion: Martin                      Second: Tassell                      Approved*

- II. Updates from Professional Education Unit Head-Dean Murphy, Associate Dean-George.**

Dr. George reminded everyone that the CAEP accreditation is coming up in 2024.

- III. New Business**

## **A. College of Education and Behavioral Sciences**

### **Office of Professional Educators Services**

1. Candidates Completing Requirements for Admission to the Professional Education Unit  
March 4, 2022-April 8, 2022.

2. Requirements for Admission to Student Teaching

3. Disposition Date Update: **CAEP Standard R3.2 Monitoring and Supporting Candidate Progression** stipulates that *“The provider creates and monitors transition points from admission through completion that indicate **candidates’ developing** content knowledge, pedagogical knowledge, pedagogical skills, **critical dispositions**, and professional responsibilities, and the ability to integrate technology effectively in their practice.”*

The School of Teacher Education collects disposition data points five times within the teacher candidate’s program. This disposition data will be collected in Anthology Portfolio.

- A baseline will be collected through a faculty recommendation during the introductory Discovery Education courses (EDU 250, AGED 250, and SMED 101). For students who transfer to WKU with an equivalent introductory course, this faculty recommendation will be waived. These students will only have four disposition data points after completing their program.
  - CAEP reporting will include progression data from distinct reporting groups including all-students, FTFY education majors, Internal Transfer, and External Transfer
- Two additional disposition surveys will be completed by a cooperating mentor teacher during the student’s program curriculum (one during each of the two clinical semesters prior to the student teaching semester). College partners, outside of School of Teacher Education (STE), will work with STE and the Office of Professional Educator Services to ensure their clinical placement cooperating mentor teachers are receiving access to this disposition survey in Anthology Portfolio during the clinical semesters for their education students.
- The final two dispositions will be collected during the student teaching semester by the cooperating mentor teacher and university supervisor (mid-term and final evaluations).

Revised Disposition Survey:

***Stephanie Martin shared with the committee on the new disposition and it’s process. Dr. George explained to the committee and all colleges the importance of each college /program tracking these dispositions for accreditation. These will be kept in Anthology and it was encouraged for everyone to reach out to OPES with assistance to putting the dispositions in Anthology if needed.***
