**Other Business**

- 1) The Math Department passed a resolution prohibiting individuals seeking admission to the ARTC/MAE immediately upon graduation from their undergraduate program. There appeared to be wide-spread support from the PEC members.
- 2) The Standards Board did approve the redesign on the Teacher Leader Master's Program. Dr. Evans stated that all MAE's that are advanced programs for classroom teachers that do not lead to initial certification will need to go through the redesign process. A list should be ready for the next meeting.

Being no further business, the meeting adjourned at 4:30.
