Q4 - From your experience, what are the greatest strengths of WKU counseling graduates and/or interns?

From your experience, what are the greatest strengths of WKU counseling gra...

Her ability to take feedback and implement it quickly, as well as her flexibility.

Great work ethic

One of the greatest strengths is how they are at an appropriate training level by the time they come for practicum. They are more professional during the interview process for internship and jobs. I have interviewed other interns from Lindsey Wilson and the Cumberlands. These students from other programs were developmentally at a bachelor level, lacked professionalism and did not handle constructive feedback. WKU students are stellar and we prefer them over other programs

Hardworking, appropriate boundaries, eager to learn.

professional counselor identity, self-care, and ethics

Q5 - What improvements would you like to see regarding WKU counseling graduates and/or interns overall?

What improvements would you like to see regarding WKU counseling graduates...

Knowledge about Adventure Therapy.

They need to be taught about the licensure procedures before they graduate

I would encourage to see them learn how to develop treatment plans and note skills. I would also encourage educating students how to advocate for their pay when they are in the field.

Better understanding of the internship process, more confidence in their skills.

increased focus on documentation--specifically treatment planning
