## Office of the Registrar Link Edit Form

## Checklist

To link a course, both the subject area and the course number must be the same. Examples of correct links would be credit lecture BIOL 131 and non-credit lab BIOL 131 or credit lecture BCOM 266 and non-credit lab BCOM 266. You cannot link two separate courses; both of which are credit classes; e.g., BIOL 120 and BIOL 121.

Do the sections you want to link have the same subject area and course number?
