Preamble

We, the faculty of Western Kentucky University, are committed to a collegial system of university governance. In a collegial system, authority and responsibilities are shared among colleagues, some of whom have duties as faculty and others as administrators. The Statement on Government of Colleges and Universities, jointly formulated by the American Association of University Professors, the American Council on Education, and the Association of Governing Boards of Universities and Colleges (as adopted by the AAUP in 1966 and revised in 1990), outlines general principles governing the respective roles of governing boards, faculties, and administrators. In accord with the general principles outlined in this document, we subscribe to the goal of a system of governance in which there are appropriately shared responsibilities and cooperative action.

In a collegial system, decision-making power is delegated to the collegial group most expert in or responsible for the area in which a decision is made. The faculty has primary responsibility for areas such as curriculum, subject matter and methods of instruction, research, faculty status, and those aspects of student life relating to the educational process. The final decision on these matters is by statute lodged with the Board of Regents and may be delegated by the Board to the President. We believe that in these matters faculty advice should be welcomed and encouraged and if not accepted the rationale communicated to the faculty. Whenever possible, the faculty should have the opportunity to consider the matter further and to convey its view to the appropriate administrator. In other areas which affect academic programs, such as the selection of the President and other administrators, the organization and structure of departments, institutional budget priorities, and the like, the appropriate faculty bodies should be consulted.

This Charter sets forth a structure through which the faculty as a whole at Western Kentucky University can exercise its collegial responsibility. Every faculty member shall have the opportunity to participate in university governance--either directly by serving in the Senate or on a Senate committee or indirectly by electing colleagues to represent her or him.

I. The Function of the University Senate

The University Senate is the agency for the articulation and presentation of the views of the faculty. While departments, colleges, schools, and programs are empowered to make decisions in many areas, the need remains for consultation and cooperation on academic and professional matters that pertain to the university as a whole. Hence, the University Senate shall function as the official representative voice of the faculty, advising and making recommendations to the President and Provost/Vice President for Academic Affairs concerning academic requirements and policies, faculty responsibilities and welfare, and any other matters of importance to the faculty.

II. The Membership of the University Senate

A. Composition

1. The term "faculty" for purposes herein is defined as all persons in the full-time employ of the University who hold faculty rank, excluding visiting faculty, part-time faculty, and/or one-year appointments. The extended campus and the part-time faculty representatives selected to serve on the Faculty Welfare and Professional Responsibilities Committee who must be members of the group they are to represent need not have "faculty" status as defined above.
2. Faculty members who hold appointments in more than one college and/or department will be counted as a member of the department and college in which the majority of their time is assigned. If a faculty member is assigned equally between departments and/or colleges, the faculty member will be asked to select the unit for which the appointment will count for Senate eligibility purposes.
3. Each college unit to which a faculty member can be tenured and each library department shall have one representative. If more than 4 faculty members within a college are tenured to the college, rather than to a departmental unit, they shall be collectively treated as a department for the purposes of Senate representation. These representatives shall be voting members of the Senate, and shall serve a two-year term. They shall select their own alternate to serve in their place if they are unable to attend a University Senate function. The alternate shall have the full rights and privileges of an elected senator when substituting for a regular representative.
4. Each college and the library shall select as many at-large representatives as required so that the total of departmental and at-large representatives is equal to ten (10%) percent (rounded to the nearest whole number) of the unit's total faculty for a minimum of 2 elected senators. At-large representatives shall be voting members of the Senate, and shall serve a two-year term. They shall select their own alternate to serve in their place if they are unable to attend a University Senate function. The designated alternate shall have the full rights and privileges of an elected senator.
5. The Student Government Association shall have three representatives and three alternates to be selected by the Student Government Association. The student representatives shall be voting members of the Senate, and shall serve one-year terms.
6. Non-voting advisory members of the University Senate include: the President of the University, the Provost, the Academic Deans, the Dean of the Graduate School, the Dean of Libraries, the Faculty Regent (the Faculty Regent cannot also be an elected Senate representative), and a representative from the Staff Council.
7. The Honors College is not to be considered a "college" for purposes of determining composition of the University Senate and committees.

B. The Officers Their Functions

1. The University Senate shall have a Chair, Vice-Chair, and Secretary elected annually by the membership of the University Senate at the April Senate meeting. The Chair in consultation with the Executive Committee shall appoint a Parliamentarian, who need not be a Senator.

2. The Chair shall conduct the meetings of the Senate and serve as the chair of the Executive Committee.
3. The Vice Chair shall perform all the duties of the Chair in the absence of the Chair. Additionally, the Vice Chair is responsible for organizing elections conducted by the Senate.
4. The Secretary shall keep minutes of all Senate meetings, and make the minutes available to members of the Senate and the entire faculty by posting them on the Senate Website within five workdays. The Secretary shall keep a membership list and record of attendance. The Secretary shall also keep minutes of the meetings of the Executive Committee.
5. The officers of the University Senate shall serve in their respective positions for a period of one year or until successors are elected. They shall be eligible for reelection.
6. The terms of the Chair, Vice-Chair, and Secretary shall begin on August 1st immediately succeeding the election.
7. The officers of the Senate may be removed for cause, following the guidelines established in the most recent edition of Sturgis' *The Standard Code of Parliamentary Procedure*.

C. Elections

1. Any person eligible to serve as a University senator is eligible to participate in the election of University senators.
2. Under the direction of the Vice Chair of the Senate assisted by the College representatives to the Executive Committee, departments shall hold elections for departmental Senators during odd numbered years. In February of the election year, each department shall elect a representative to serve on the Senate. Elections shall be completed and the results reported to the College Dean and the Vice-Chair by March 31st. Any person eligible to serve as a Senator may participate in the election.
3. Under the direction of the Vice-Chair of the Senate assisted by the College representatives to the Executive Committee, colleges shall hold elections for at-large Senators during even numbered years. In February of the election year, each department may nominate up to three faculty members to a pool from which its college's at-large representatives shall be chosen. The list of nominees for each college shall be published online and faculty within the college shall vote by electronic ballot, with the ballot being available for three days. The number of at-large Senators elected shall be based upon the current faculty numbers in each College per the Senate representation requirements set forth in Section II. Elections shall be completed, and the results reported to the College Dean and the Vice-Chair by March 31st. Each eligible voter shall be permitted to vote for as many persons as positions being filled. Those with the highest number of votes shall be declared elected. In the event of a tie, a drawing to determine the winner shall be conducted by the Vice-Chair. The runners-up shall be placed in a pool from which replacements will be selected when vacancies occur. In each case, the person with the highest number of votes shall be selected.
4. At the April Senate meeting, the Executive Committee representative from each college, the Library and the Student Government Association shall hold a caucus of

their Senate representatives elected to serve the following academic year to determine membership on each of the Senate standing committees. The Executive Committee and the Undergraduate Curriculum Committee must have representation from each college, the Library and SGA. In the event a college, the Library or the SGA does not have enough elected senators to serve on the remaining standing committees of the Senate as required in Section IV(A), the elected representatives may appoint additional faculty/student members to fill the remaining committees or the elected representatives may serve on more than one standing committee.

5. If a departmental senator resigns, an election will be held in his/her department to replace the senator. The department shall follow the election procedure set forth in paragraph two. If an at-large senator resigns, the first eligible runner-up from that unit's at-large pool shall replace the resigning senator.
6. If a senator is absent from two regularly scheduled Senate meetings during an academic year and fails to provide an alternate, the Chair of the University Senate may declare the senator's position vacant. If the position of a departmental senator is declared vacant, the department shall hold a new election. The Vice Chair of the University Senate shall keep a complete record of the votes for at-large senators for each college. If the position of an at-large senator in a college is declared vacant, the next eligible person in the at-large pool of that college shall become senator.

D. Term of Office

Each elected member shall serve for a term of two years beginning August 1 of the first year and ending July 31 of the second year, with the exception of the Student Government representatives. Members shall be eligible for reelection for a second consecutive term but ineligible for further reelection until one year has elapsed. Elections to fill vacancies shall be conducted by the department where the vacancy has occurred and shall be only for the unexpired term. Fractions of terms of less than one year served in fulfilling an unexpired term shall not prevent the individual from being elected for two additional successive terms.

5. It is recognized that the total number of senators allocated to certain colleges and the libraries may be insufficient to allow proper representation on Senate standing committees. operation of an ad hoc committee. An ad hoc committee shall be disbanded after it has completed its investigation and reported its findings to the University Senate.

D. The Handbook Committee

The Handbook Committee receives proposed changes to the Handbook that have been approved by the University Senate and the Provost. The committee reviews and incorporates approved changes in new Handbook editions, ensuring that the integrity and spirit of the change is maintained and is consistent with the existing Handbook. The committee is also responsible for monitoring and recommending policies and procedures for future Handbook revisions.

Composition and Voting Procedures of the Handbook Committee:

The Handbook Committee is composed of the immediate past chair of the University Senate who will serve as chair, and one tenured faculty member from each college of the University selected by the faculty from such college. Selection of college representatives will be overseen by the Vice Chair of the University Senate. If the immediate past Senate chair is no longer employed by the University, any past Senate chair who continues to be employed by the university shall serve as chair of the committee. The current chair of the Faculty Senate and a representative from the office of the Provost shall also be members of the Faculty Handbook Committee but shall not have a vote.

During the implementation phase of the Handbook Committee, the terms of the membership will expire on a staggered basis as show below. Thereafter each member will serve a three-year term.

- 1) A proposal for editorial revision is forwarded to the Senate Chair.
- 2) The Senate Chair places the proposal for editorial revision on the consent agenda of the first next meeting of the University Senate.
- 3) For each proposed revision placed on the consent agenda, the Senate may:

F. Faculty Representation on other University Committees

Besides academic and faculty responsibility and welfare matters, there are many activities in the university which affect academic programs. Examples include the selection of the President and Executive Officers, institutional budget priorities, building priorities and design of academic facilities, goals and objectives of major fund-raising efforts as related to academic matters, scholarship policies, selection of major non-academic administrators, support services related to academic functions, general policies regarding intercollegiate athletics, campus safety, transportation and parking policies, etc. In these matters it is appropriate that faculty opinion be considered along with that of others. Where feasible the appropriate faculty body should be consulted. In other cases, the appropriate form of faculty input may be through

having one or more faculty members serve on the committee in question. When committee appointments are appropriate, the President or delegated administrative officer shall request the University Senate Executive Committee to recommend as many faculty members as needed to serve on such committees. This applies both to standing committees such as the Budget Committee, Athletic Committee, and the like, and ad hoc committees formed to study and make recommendations on any issue of special importance to faculty.

Faculty members representing the Senate on a standing university committee shall normally serve for two years, but may serve for a longer term to conform to the norm for that committee. On ad hoc committees Senate-recommended members shall serve until the committee has completed its task and is dismissed. One faculty representative from the Senate who serves on a standing university committee or an ad hoc committee shall report to the Senate, and shall keep the Senate abreast of the activities of the committee on which he/she is serving.

In addition to committee appointments made by the Senate Executive Committee, faculty representatives will be elected via the Senate to the Faculty Pool for the Advisory Committee on Continuance and Tenure and the Advisory Committee on Faculty Grievance; and, the University Academic Complaint Committee. Names put forward by Academic Affairs for membership on either committee are to be approved by the SEC and voted on by the Senate.

1. Advisory Committee on Faculty Continuance, Promotion, and Tenure.

The President is authorized to establish an Advisory Committee on Faculty Continuance, Promotion, and Tenure. It shall be comprised of eligible tenured faculty members assigned to full-time teaching, research, and/or academic service duties, other than the faculty regent, to be selected as follows:

- On or before November 1st of each odd numbered year, each academic department shall elect one eligible faculty member.
- Nominees shall be elected by secret ballot by all members of the faculty unit holding academic rank as defined in the Faculty Handbook.
- The Vice-Chair of the Senate shall communicate with academic departments to facilitate this election.
- Persons elected as nominees eligible for appointment shall remain on the eligible list for a period of two academic years, and may be re-elected.

The committee shall be a standing committee consisting of five (5) tenured faculty members. Membership on the committee shall be selected annually from the list by lot. Faculty members shall not participate in a case involving a faculty member from the same department; and members chosen shall remove themselves on their own initiative, if they deem themselves disqualified because of bias or interest. In addition, each party shall have a maximum of two (2) challenges without stated cause. Supplementary selections and lists shall proceed in the same manner until an accepted committee is constituted.

The committee shall designate one (1) member as chair.

2. Advisory Committee on Faculty Grievance.

The committee shall be drawn from the same pool chosen for the Advisory Committee on Faculty Continuance. The committee shall consist of five (5) tenured faculty members selected by the University Senate by lot annually from a list of elected faculty members. A faculty member shall not participate in a case involving a faculty member from the same department. Faculty members chosen to serve on the committee shall remove themselves, either at the request of one of the parties, or on their own initiative, if they deem themselves disqualified because of bias or interest. Each party shall have a maximum of two (2) challenges with or without stated cause. The committee shall select its own chairperson.

3. University Academic Complaint Committee.

One-half of the membership of the University Academic Complaint Committee (two faculty and two faculty alternates and one student and one student alternate) is elected by the University Senate in the spring of odd-numbered years. The pool of candidates will be made up of the regular (not alternate) faculty and student members of the individual college academic complaint committees. The University Senate will vote for four candidates from the faculty pool and two candidates from the student pool. The two faculty members and the student receiving the highest number of votes will serve as the members of the University Academic Complaint Committee, and the two faculty members and student receiving the next highest votes will be elected as the alternates. The term of service for these members shall be two years, beginning August 1st. A representative on the University Academic Complaint Committee cannot hear a student's appeal if he/she has already reviewed the student's case at the department or college level. In this event, an alternate will serve on the University Academic Complaint Committee.

V. Senate Procedures for University Policies

For Academic Affairs policies, the University Senate will be asked to provide advice and comment on draft, new policies as well as on the repeal or revision of existing policies. For policies arising out of other units within the university, the Senate may also be asked to provide such advice and consultation. In addition, the University Senate may initiate the creation of new policies.

- A. The procedure for creation, substantial revision, or repeal of Academic Affairs policies is as follows:
1. The Senate Chair will place the draft policy, or policy revision, on the action agenda of the next meeting of the Senate Executive Committee.
 2. The Senate Executive Committee will review the draft policy and:
 - i. May agree to include the policy on the action agenda of the next Senate meeting, along with a determination as to whether the draft policy requires a second reading by the Senate, or
 - ii. May agree to forward the policy to a standing committee or an ad hoc

committee for additional review and revision. Reviews of draft policies that have been referred to a committee should be completed in a timely manner and returned to the Senate Executive Committee.

3. For each draft policy placed on the action agenda of the Senate, the Senate may vote to:
 - i. Recommend that the Provost take steps to pursue approval of the policy in accordance with University Policy 0.0000. The Provost will provide a written response to the recommendation, including a status report or justification if the recommendation is not endorsed at the next senate meeting, or
 - ii. Not approve the recommendation and return it to the Senate Executive Committee with questions, comments, or revisions. The Senate Executive Committee would then proceed as in A.2.

- B. The procedure for creation, substantial revision (as determined by the Senate Executive Committee), or repeal of policies that are sent to the senate for review by units outside of Academic Affairs (see WKU Policy 0.000), is as follows:
 1. The Senate Chair will place the draft policy, or policy revision, on the action agenda of the next meeting of the Senate Executive Committee.
 2. The Senate Executive Committee will review the draft policy and:
 - i. May provide input to the Responsible Office and place the draft policy on the information agenda of the next Senate meeting, or
 - ii. The Senate Executive Committee may proceed as in A.2.

- C. The procedure for minor revisions (as determined by the Senate Executive Committee) of existing policies is as follows:
 1. The draft policy revision will be placed by the Senate Chair on the action agenda of the next meeting of the Senate Executive Committee.
 2. The Senate Executive Committee will review the draft policy revision and will provide input to the Provost or other Responsible Officer and place the draft policy on the information agenda of the next Senate meeting.

VI. Charter Amendments

A proposed amendment to the Charter of the University Senate may be submitted to the Executive Committee by Senate members or by a committee of the Senate. The Executive Committee shall present the proposal, along with its own recommendation, to the membership of the Senate. An amendment must have two readings and be approved by a two-thirds majority of the membership present.

VII. Implementation

The University Senate shall be established and this Charter adopted when approved by the Board of Regents of Western Kentucky University and shall replace the current Academic Council and Faculty Senate.

[Appendix A]

Functions of the College Curriculum Committees

Each college shall have undergraduate and graduate curriculum committees to review all curriculum-related matters, including the determination of degree requirements and standards of scholastic achievement. Departments shall submit to their college curriculum committees all proposals for changes in their academic programs. If a college curriculum committee approves a proposal and it has significant implications for departments in other colleges, then it shall be forwarded to the Undergraduate Curriculum Committee or the Graduate Council as an action item. Proposals with significant implications include the following: new programs (majors, minors, certificate programs), significant changes in a program, new courses, multiple changes to existing courses, changes in course credit hours, changes in course numbers with changes in level (e.g. PSY 342 becomes PSY 453), multiple offerings of “one-time only” courses, and academic policies and regulations.

If a proposal does not have significant implications beyond the college, then it shall be forwarded to the Undergraduate Curriculum Committee or the Graduate Council as a consent item. Proposals that do not have significant implications for programs in other colleges typically include the following: proposals to change program (majors, minors, certificate programs) titles, replace on intradepartmental course in a program with another, delete programs, suspend programs, change course titles, change course catalog descriptions (as long as the course content is not changed), change course numbers without changing level (e.g. PSY 342 becomes PSY 353), change course prerequisites, or create community college equivalent courses. Any member of the Undergraduate Curriculum Committee or the Graduate Council shall have the right to remove a proposal from a college-curriculum committee’s list of consent items and to treat it as an action item. If a member of the Undergraduate Curriculum Committee or the Graduate Council does so, the committee may postpone review of the item until their next meeting.

One-time only course offerings and proposals to change course prefixes shall be forwarded to the Undergraduate Curriculum Committee or the Graduate Council as information items.

If a new course is also being recommended for inclusion in Colonnade, then the proposal shall first be forwarded to the Undergraduate Curriculum Committee for approval. If approved, the proposal shall then be forwarded to the University Senate for consent and to the Colonnade Committee for review.

If the Undergraduate Curriculum Committee, the Graduate Council, or the Colonnade Committee rejects a proposal from a college curriculum committee, the college committee shall have the opportunity to revise its proposal and to resubmit it to the same committee. If the proposal is rejected a second time, the college curriculum committee shall have the right to appeal its case to the University Senate. It shall submit the proposal to the Chair of the Senate to be placed as an action item on the Senate agenda. If the University Senate rules in favor of the college curriculum committee's proposal, the proposal shall be forwarded as a recommendation to the Office of the Vice President for Academic Affairs.

Bylaws

Bylaw 1. Non-senators appointed to the University Committees shall be subject to the same term-of-service regulations as Senate members. That is, a non-senator can serve a maximum of four years on Senate committees and then will be ineligible for serving on the Senate or any other Senate Committee until one year has elapsed.

Bylaw 2. Representatives serving in the Senate and on Senate subcommittees in any capacity may not serve in more than one slot in a subcommittee at the same time.
