

Faculty Welfare and Professional Responsibilities Committee

April Report

April 19, 2019

Submitted by Lauren McClain, Chair

We were joined by Tony Glisson, Director of Human Resources, to discuss a parental leave policy for faculty. After a productive discussion, Tony said he would work to draft a policy and would get our feedback on it later this summer with a plan to implement it in early Fall.

We then discussed a plan for sorting through the comments on the Check In Survey to pull out comments and tangible suggestions that can help guide our work over the next academic year. Thanks to all who completed the Faculty Worklife Survey and the Check In Survey.
