**Restart survey data**

The committee began analysis of the data on the restart follow up survey conducted in early February. A report of the quantitative data will be made available by the March Faculty Senate meeting. One concern that came from this is that we want to work to make sure resources, particularly for research, that had to be sidelined for this year due to the coronavirus come back when we return to more normal operations.

**Faculty Work Life Survey**

The committee reviewed the Faculty Work Life survey. At the time of writing this report, the committee is continuing to consider the addition of a small number of new questions. These questions will be finalized and voted on by the committee before the Faculty Work Life survey is released this spring.

**Review of January 2021 FWPR Report**

Given comments made at the February Faculty Senate meeting, the committee reviewed the previous month's committee report. Upon reviewing previous Senate agendas, Senate minutes, and emails, the committee believes the previous month's report is accurate.
