1. Call to Order *Wilson
2. Consideration of February 8, 2018 minutes (Appendix A)
*Dressler/Cappiccie motion to approve; passed.

3. Graduate Enrollment Report (Appendix B: Week 8)
*Gordon reports that week eight is very close to the census date for spring. The final number will be somewhat higher due to a few late enrollments. We are a bit behind from where we were last year. This drop is primarily caused by the drop in international enrollment.

4. Committee Reports
   a. Policy Committee
      *There is no policy committee since there is no chair.

   b. Curriculum Committee (Appendix C)
      *Dressler makes a motion to approve consent agenda. *Cappiccie makes a motion to pull Sociology 105. *Wilson reports that she spoke to the proposer and she agreed to remove two sentences of rational since it violates SACS requirements/WKU policies.
      *Myers/Cappiccie make a motion to approve with the friendly appointment; approved. *A motion to approve consent agenda; approved.

   c. Student Research Grants Committee
      *Berry reports that March 28th is the next deadline for the grants.

5. Report from Dean of the Graduate School

*No report from the Dean since he is not in attendance.

6. Public Comments

*Chelf reports that the list of positions that have been eliminated did not include the Graduate Records Specialist or the Graduate School IT position. The Graduate School paid for half the IT position and so they lost 1 ½ positions. The Program of Study is currently off the table due to the IT cut.

7. Announcements & Adjourn *Wilson/Cappiccie motion to adjourn.

## APPENDIX B

This is the final graduate enrollment report for the Spring 2018 term.  The final enrollment was 2576 (compared to Spring 2017, enrollment is -73).

Some things to note in this report:

- The change in foreign student enrollment (-109) is greater than the overall deficit
- The residency classification of "Military" continues to increase (202 in 2018; +63 vs. 2017)
- A decrease in the number of students with primary enrollment in a master's programs (-81)

*Note: this report uses unduplicated headcount, which counts each student only in their primary program/department.  This predominantly affects certificate program enrollments, as they tend to be secondary programs.  If you need more specific information about duplicated headcount (i.e., students simultaneously enrolled in multiple programs), please let me know.*
