1. Type of Change

Editorial (non-substantive)

Substantive

*Editorial revisions include updates to the organizational structure, web addresses and names/titles, as well as other similar non-substantive changes.*

Revision

2. Proposals should be made in the form of text intended as an addition to or a replacement of, in whole or in part, some current section of the Faculty Handbook.

Rationale for amendment:

Section V.E already implies that the President communicates with the board, but the revision to V.D makes that explicit. Section V.D presently remains vague as to what is communicated between the President and the Board, so the revision to V.E clarifies that the Board is informed regarding all relevant proceedings.

Identify section and page: V.D. and V.E., p. 42

Current wording:

V.D. The President:

The President must accept, reject or revise the recommendations of the Ad Hoc Committee and inform the Committee and the complainant in writing of the decision.

V.E. The Board of Regents:

The Board of Regents is charged with accepting or rejecting the recommendation of the President. The Board of Regent's decision is final.

Revision to current wording including all additions, deletions or replacements:

V.D. The President:

The President must accept, reject or revise the recommendations of the Ad Hoc Committee and inform the Committee and the complainant in writing of the decision. **The President must submit the President's recommendations and the Committee's recommendations to the Board of Regents.**

V.E. The Board of Regents:

The Board of Regents is charged with accepting **or** rejecting the recommendation of the President. The Board of Regent's decision is final.
