Old Business:

Course Leaf Information Item has gone through SEC. Will be on Senate Agenda November 17, 2022.

Carini spoke about his concerns. The process, adding learning outcomes to non-colonnade courses to course leaf. Is it a full review? Learning outcomes currently exist all we are doing is updating for SACSCOC. The question is why does it have to be a full review instead of expedited. Asking us to reconsider the full review can we change it to expedited process?

Nee spoke freely about the issue, it's based on how the courses are listed in course leaf. Hammonds said it can be handled however the committee wants.

Nee if we want them on the record, this is the process.

Hudepohl, it's more complicated. The ones we have records of will be added by the registrar.

Carini was still concerned about the process.

Hudepohl explained that was not the case.

Forsythe shared that all new courses have to do this now.

Burris, if someone wanted to see their learning outcomes, where would they have gone previously? Would they have been required to go through the process then? Syllabus? Asking professors?

Price spoke briefly about maybe having a 6 month grace period to allow for folks to catch up. Just wants more time to have faculty do this on their own.

Nee, also thought it didn't need to be a full review and is willing to do expedited.

Others agreed.

Laves spoke briefly about the issue.

Flener asked the group what they wanted to do moving forward.

Lindsey supports to let it go and let Senate make the change on the floor.

Hudepohl did say it could be a friendly amendment on the floor.

Go through Senate on Thursday and as presented they mention the conversation held today and do a friendly amendment on the floor.

Meeting Minutes - November 15, 2022

Discussion: Laves, this is a new program and will need to go through BOR, CPE, Assessment Plan and Budget. Program requirements were inserted as a word document so registrar's office made the table – please double check. Does certificate need to be in the title itself?

No proponent here to discuss the issues raised by committee.

Friendly Amendment – Remove the word "Certificate" from the title/program name.

Vote: Motion to Table until proponent can attend to discuss (9/9)

a. UCC sub-committees

i. Academic Policy Committee:

1. Revise the residency requirements for graduation honors for baccalaureate degree recipients.

Price – discussed the issue. The program only needed 30 hours to get the degree.

CUM LAUDE – The graduation honor given to student who have completed their baccalaureate study with both cumulative overall and cumulative WKU grade point averages of 3.40-3.59 and a minimum of 45 semester hours earned through instruction at WKU.

Lindsey said he supports the honors.

Price didn't remember the logic in the language.

Grubbs worried about students bringing in dozens of credits. Can the document be shared with the committee members? Was shared with group.

Grubbs - Maybe this should be tabled until next meeting so people have time to think about it.

Price offered to join the policy sub-committee.

ii. Steering Committee

1. UCC Bylaws (Holding until next meeting)

Nee, shared his thoughts on the Bylaws. Asked that everyone read them and get a sense if anything seems wrong.

Adjourn @ 5:45pm – Motion 1st/2nd: Grubbs/Olson
